GENERAL INFORMATION

The Source Four Mini LED can go where no full-sized Source Four has gone before. ETC's 12 W Source Four Mini LED features the same crisp optics, user-friendly functionality, and sleek look of the legendary Source Four fixture, but in a compact format at a fraction of the size.

The Source Four Mini LED has four field-angle choices and comes in a portable version for mounting with a clamp, a canopy-mount, or track-mount design. Surprisingly bright for its size, the Mini LED offers crystal-clear image projection and a bright, even field.
